WAREHOUSE & INVENTORY

STOCK TODAY. OPPORTUNITIES TOMORROW.

01

WAREHOUSE STRUCTURE

Perfumedistri's warehouse locations are based in Belgium and the Netherlands, supporting distribution across the EU.

02

INVENTORY MANAGEMENT

A large product inventory is managed across the active catalogue, with continuous monitoring of product availability to support professional B2B orders. Product and stock information is maintained through operational systems connecting catalogue data with warehouse and order activity.

03

FULFILLMENT PROCESS

After an order is confirmed, products are prepared from available inventory, picked according to order details, securely packed, and dispatched through the selected shipping partner.
